

Our Mission

To empower the water community and advance science through collaboration, infrastructure, and education.

WHAT WE VALUE

Strategic Collaboration

Innovative Catalysts

Impactful Leaders

Julia Masterman

OUR VISION

A thriving water community – enabled by shared resources – developing an integrated understanding of water, earth, ecosystems, and society to meet human and environmental needs.

The Consortium of Universities for the Advancement of Hydrologic Science, Inc. (CUAHSI) is supported by the National Science Foundation under award number EAR-1849458

WHAT WE DO

CUAHSI facilitates the interdisciplinary advancement of water science by making it easier for the water science community to do their work. We do this by providing education and outreach programs like workshops and grants, as well as specialized software and services to share and access data and collaborate online.

EDUCATION SERVICES

- Grants & Fellowships
- Workshops & Trainings
- Cyberseminar Series
- CUAHSI Virtual University
- Graduate Student Summer Institute
- Scientific Meetings

DATA SERVICES

- Discovery & Sharing
- Management
- Publish & Archive
- Visualization & Analysis
- Cloud Computing
- Modeling Software & Tools

OUR COMMUNITY

CUAHSI's community consists of students, educators, volunteer scientists, outreach coordinators, environmental and watershed organizations, and corporate entities. All who are involved in water science, water-resources management, or water-resources protection and enhancement are part of the CUAHSI community.
